SUSTAINABLE BUSINESS THROUGH COLLABORATION MONDAY, SEPTEMBER 2, 2019 WINTERTHUR

On **September 2nd 2019**, Lifefair and Global Compact Network Switzerland are pleased to invite you to the Pre-Evening event of the 7th Swiss Green Economy Symposium in Winterthur.

Join us and exchange ideas with inspiring leaders and innovators in the field of sustainability. **Nigel Davis**, General Manager at Coca-Cola HBC Switzerland, will use the example of Valser to illustrate how companies and universities can reduce the environment and plastics problem thanks to collaboration. **Amar Ali**, CEO of Africa Improved Foods, and **Dr. Sibyl Anwander**, sustainability expert, will discuss the opportunities and challenges of PPP and give an insight into their African and European experiences.

They will share their stories. What are the **opportunities and challenges**? How can we profitably use SDGs? How do we manage responsible business behavior to be competitive, successful and thus therefore meaningful for economy, ecology and society at the same time?

Join us for an informal dinner with input, open dialogue and mutual exchange in a relaxed atmosphere.
